Dear Ricardo,

I would like to take this opportunity to thank you, on behalf of the Stability Pact for your substantial contribution to making the Enterprise Development Workshop in Istanbul a great success. We very much appreciated your assistance in the preparation and co-ordination of the workshop, as well as your role in facilitating a lively and fruitful discussion during the sessions.

We are also very pleased with the final Proceedings Report, which gives a good overview of the event. The recommendations on themes to be further explored will certainly be taken into consideration for future workshops under the enterprise development and employment generation theme. The report has meanwhile been widely circulated, and can also be found on the Stability Pact website, together with all other information regarding the event.

We very much enjoyed working with you and look forward to collaborating with you again in the future.

With best wishes,

Mary O'Mahony
